2. What do we mean when we say we are producing a chronological yearbook? **I think you need to design your book as a chronological yearbook for 2020-2021. I would suggest using the seasons.**

3. Ladder: Place the following potential 10 spreads in chronological order on your 2020-2021 ladder. The topics below will take up a complete spread so put your answers on both the left side and the right side of the ladder. For example, you will have the same answer for both pages 2 and 3 and then a new answer for both pages 3 and 4. I did the first one for you.

It would be great to see all 10 of these spreads in your 2020-2021 yearbook.
