

**Walsworth Yearbooks & High5**  
**Photo Collection and Messaging Services Agreement**  
**2020-2021 School Year**

To assist schools in receiving student portraits for their yearbook and student ID cards, Walsworth Yearbooks has partnered with High5.id.

In the course of gathering student portraits for the yearbook and/or school student ID cards, Walsworth and High5 need basic information such as student name, grade and student ID number. If the school chooses to also communicate and promote Selfie Portraits and yearbooks via email or text in High5, High5 will also need parent email addresses and/or parent cell numbers.

This information is safe with Walsworth and High5, and it will not be sold to a third-party company. Also, Walsworth and High5 will:

- Only use portrait photographs for your school's yearbook and/or ID cards.
- Give every email and text recipient the opportunity to opt out in each email and text they receive.
- Only use this information for the purposes of collecting photos for the school yearbook and student ID cards, and to advertise yearbook and yearbook ad sales if your school chooses.
- Discontinue the service at any time if the school so chooses.

By using High5, you consent to the above-described data collection on behalf of your parents and students.

As an official signatory of the Student Privacy Pledge ([studentprivacypledge.org](http://studentprivacypledge.org)), we are committed to ensuring the safety of your school community's personal information.

Thank you for allowing us to join you in your commitment to another successful school year!
