TERM	DEFINITION
	The text of the main story on a yearbook spread.
	The incredibly talented robotics team easily defeated every other school.
	The general term for written yearbook content, including stories, headlines and captions.
	With two minutes left in the championship game, the score remained tied. If this sentence begins the article, grabs the reader's attention and gives the story direction, it serves as this element.
	"We tested the robot three times before we felt ready," ***junior Morgan Lee said***.
