TERM	DEFINITION
	A photograph that captures a subject at the peak of action.
	A photograph that captures a person's response to an event or action.
	An unposed photograph showing people engaged in an activity rather than looking at the camera.
	A photograph with the background removed so only the subject remains.
	Removing unnecessary or distracting parts of a photograph to direct attention toward the subject, action or storytelling content.
	A measurement associated with an image's resolution and print quality.
